

Environment Task Force

Purpose: Raise awareness on how environmental issues impact Human Rights for Women and the Target program. (This presentation can be tailored to your club's needs.)

Objectives: This presentation will provide useful information concerning/but not limited to:

- The many links between protection of the environment and human rights.
- How women's roles impact the Environment.
- An introduction to the Environment Task Force, as well as awareness of current and planned Environment Task Force activities.

Benefits: This presentation will enable your club to:

- Combine attention for the Target Program with Environmental Awareness.
- Plan fundraising programs to benefit the Target Program based on Environmental human rights.
- Make use of bulletins, useful information and programs about how your club can protect the environment at global and local levels
