

## Information Packet

Dear Prospective Applicant,

FAWCO and The FAWCO Foundation launched the 2022–2025 Target Program addressing the environment and the impact on women and girls, at the virtual Interim Meeting on March 5, 2022.

This meeting kicked off the Education and Awareness Raising Campaign addressing the Target Issue *Our Natural Environment: Empowering Women and Girls to Ensure a Sustainable Future*. Now it's time to begin the process of selecting the next Target Project.

We are seeking applications for transformative projects that focus on the environment and improve the lives of women and girls. In general, these projects could tackle the loss of biodiversity, the climate crisis, or waste pollution.

- Some specific examples, but not limited to these, are the preservation of plant or animal species, mitigation of desertification or flooding, promotion of native plants or regenerative agriculture, and reduction of waste in our atmosphere, land, and water.
- Also, consider how a project may improve the lives of women and girls. Polluted water kills 1.8 million people, mostly children; women represent 80% of those displaced by climate disasters, and 700 million suffer from hunger.
- A transformative project for women and girls could elevate their health and well-being, educate and introduce new skills and in the process, reduce inequalities.
- The Target Project is an investment in the future of women and girls in harmony with nature.

Enclosed you will find an introduction to the Target Program, a sample of the Application Packet including a timeline, and more. Please share these documents with the organization you wish to nominate as a candidate. This packet outlines our goals and expectations for a successful Target Project. When you are ready, you can request the official application using the link at the end of this document.

This is an exciting time for our team! We are raising awareness about the vital role the environment plays in the lives of women and girls, and now we begin the selection process for a new Target Project. Join us!

Visit the FAWCO website to learn more about the [Target Program for Environment](#), sign up for the [Target Program Bulletin](#) and follow the [Blog: Our Sustainable Future](#). Together, we can empower women and girls for a sustainable future!

## INTRODUCTION TO FAWCO, THE FAWCO FOUNDATION AND THE TARGET PROGRAM

FAWCO, a 501(c)(3) nonprofit, was created in 1931 as an international federation of independent organizations whose mission is:

- ★ to build strong support networks for its American and international membership;
- ★ to improve the lives of women and girls worldwide;
- ★ to advocate for the rights of U.S. citizens overseas;
- ★ and to mobilize the skills of its membership in support of global initiatives for education, the environment, health, and human rights.

The FAWCO Foundation, a 501(c)(3) nonprofit, was created in 1967 as a dedicated financial steward for FAWCO Member Clubs to support FAWCO's commitment to global initiatives.

In 2009, FAWCO and The FAWCO Foundation launched the Target Program to unite all Member Clubs to support a single global initiative. Target Programs follow a three-year cycle of issue awareness and education, project selection, fundraising, project monitoring, review, and evaluation.

As a recognized United Nations NGO with special consultative status with ECOSOC (UN Economic and Social Council), we enable our members to coordinate, collaborate and participate in making positive social change. The Target Program demonstrates the power of FAWCO Member Clubs working together toward a common goal to increase knowledge and awareness of the global issues impacting women and girls.

At the virtual FAWCO Interim Meeting held on March 4–6, 2022, *Our Natural Environment: Empowering Women and Girls to Ensure a Sustainable Future* was announced as the overarching theme for the FAWCO Target Program 2022–2025. With the Education and Awareness-Raising Campaign launching, we are ready to identify a Target Project.

## SAMPLE OF THE TARGET PROJECT APPLICATION

In the following pages you will find an outline of what you can expect in the application. Please read carefully. When you are ready, you can request the official application using the link at the end of this document.

For those who have submitted project proposals in the past, you will notice some changes to the application and the process. These include moving to a two-phase process, a request for additional documentation to both verify information and assess protection policies, and templates to help ensure standardization of information that is being provided.

These changes are the result of an in-depth review of the application done by a Review Committee. The committee surveyed both applicants and members of the Selection Committee following the selection process for the last Target Project to assess their experience with the application and selection processes. Then, with support from an external independent human rights center, the application was compared with those from other international grantmaking organizations.

Based on best practice research, revisions to fine-tune elements of the Target Project application for clarity and accountability were recommended and adopted. The Review Committee believes that these changes represent a significant advancement to the Target Project selection process by providing more transparency to applicants and standardization of information gathered to assist the Selection Committee as they assess the projects.

## GUIDELINES AND SELECTION CRITERIA

FAWCO and The FAWCO Foundation are seeking applications for transformative projects that focus on our natural environment and empower women and girls to create a sustainable future for all. In general, these projects could tackle the loss of biodiversity, the climate crisis or waste pollution. Some specific examples, but not limited to these, are the preservation of plant or animal species, mitigation of desertification or flooding, promotion of native plants or regenerative agriculture, and reduction of waste in our atmosphere, land, and water. Also, consider how a project may improve the lives of women and girls. Polluted water kills 1.8 million people, mostly children; women represent 80% of those displaced by climate disasters, and 700 million suffer from hunger. A transformative project for women and girls could elevate their health and well-being, educate and introduce new skills and in the process, reduce inequalities. The Target Project is an investment in the future of women and girls in harmony with nature.

Projects can be proposed by both FAWCO and FAUSA members.

The Target Project application process will be done in two phases as outlined in the above timeline.

- Phase I will focus on an overview of both the organization and the project, project funding, and budget, as well as protection policies.
- Phase II will focus on governance, budget and accountability, fundraising, and awareness-raising.

The project budget should be approximately \$140,000 over two years.

To ensure your project is adequately evaluated, it is to your advantage to answer each question fully.

Proposals will be evaluated by a Selection Committee, who will announce a shortlist of 3 proposals in early January 2023, for which Member Clubs will vote. The proposals will be evaluated on the following criteria:

- The project's impact on the Target Issue: *Our Natural Environment: Empowering Women and Girls to Ensure a Sustainable Future*.
- The project should be easy to understand, communicate and promote.
- The project should have clear and specific goals and objectives, with a clear plan that includes monitoring and reporting systems to ensure the project meets its stated goals.
- The project should meet community needs and involve local leaders in planning, implementation, and operation. Projects from grassroots-level organizations are encouraged to apply.
- The project should support [the UN Sustainable Development Goals](#), with particular emphasis on targets outlined in goals [SDG6](#), [SDG7](#), [SDG11](#), [SDG12](#), [SDG 13](#), [SDG14](#), or [SDG15](#).
- The project budget should be well developed with adequate detail to assure a thorough understanding of project costs and be in line with the established fundraising goal of \$140,000.

- Projects which can draw a tangible connection between donations and services or products provided are preferred.
- The project should be realistic and attainable within the 2-year timetable of the Target Project Fundraising Campaign.
- The project goals and objectives should be sustainable beyond the Target Project's termination in 2025.
- The organization carrying out the project must be able to demonstrate the ability to deliver effective programs with measurable outcomes in response to community needs, financial stability, and strong leadership.
- The Environment should be an important part of the organization's overall mission.
- Organization staff must be willing to share content about the project's impact for use in The FAWCO Foundation fundraising campaign to encourage member-based fundraising activities as well as to attract corporate donors.

*If you are considering nominating a project, please mark your calendar for March 16, 2022. Two information sessions will be offered to review the application and answer your questions. To accommodate different time zones, you may choose from these two times: 2 pm CET and 7 pm CET. You can register for either session on the [FAWCO website](#).*

## FAQs • Frequently Asked Questions

### **Q. Explanation of terminology used in FAWCO: What do all these terms mean?**

**A.** This should help:

<b>Target Program</b>	The full program cycle includes several phases: Target Issue Selection, Target Project Selection, Target Issue Education and Awareness, Fundraising, and Review. Cycles will run consecutively to provide a one-year break between fundraising phases.
<b>Target Focus</b>	The overarching goal of all Target Programs is to improve the lives of Women and Girls.
<b>Target Issue</b>	A specific issue which addresses the Target Focus: education, environment, health, or human rights.
<b>Target Project</b>	This is the project we support through fundraising.
<b>Target Issue Education and Awareness</b>	Educating and promoting awareness of the Target Issue.

### **Q. You say that the project must benefit women and girls. Our project includes boys and men. Are we automatically disqualified?**

**A.** Resolution # 1 of FAWCO's Resolutions and Recommendations establishes our commitment to improve the lives of women and girls worldwide, especially in the areas of education, environment, health and human rights. As such the Target focus is Women and Girls. However, we will support programs that include boys and men as part of the solution.

### **Q. What are the UN Sustainable Development Goals?**

**A.** [The UN Sustainable Development Goals \(SDGs\)](#), sometimes referred to as the 2030 Agenda, build on the success of [the Millennium Development Goals \(MDGs\)](#). They outline 17 new goals for all countries to take action through 2030 with the aim to end all forms of poverty, fight inequalities and tackle climate change, while ensuring that no one is left behind. The Target Program 2022–2025 is focused on [SDG6](#), [SDG7](#), [SDG11](#), [SDG12](#), [SDG 13](#), [SDG14](#), or [SDG15](#).

### **Q. If I've submitted a proposal for the Target Project before, can I do it again?**

**A.** Yes, you may.

**Q. Can a club nominate two or more projects?**

**A.** Applications are submitted by individual members of FAWCO Member Clubs and FAUSA. This could result in multiple entries from within a single FAWCO Member Club or FAUSA.

**Q. Can I nominate two or more projects?**

**A.** Yes, you may. But, it is not recommended for an individual to submit more than one proposal. The application is long and detailed, and you should be fully committed to your proposal, not wavering between two or more options. If you find yourself considering more than one project, perhaps ask yourself the following questions:

- Which project am I most passionate about?
- Which project fits best to FAWCO values (empowerment and inspiration of women and girls)?
- Which project will best inspire creative and successful fundraising among the Member Clubs?

If you think that both projects are worthwhile to be submitted, consider asking someone else to lead one of the two project applications.

**Q. I don't have a history of working with this project/organization, can I nominate them?**

**A.** Yes, you may. However, experience shows that previous involvement with the project/organization offers a deeper understanding of their work.

**Q. Can I nominate a project/organization that FAWCO has already supported (i.e., past winner of a Development Grant)?**

**A.** Yes, you may.

**Q. Do I have to submit everything all at once?**

**A.** No, you do not. However, everything must be submitted by the deadlines.

**Q. How do I submit the application form, as well as other required information?**

**A.** Each applicant will be assigned a Project Folder in the FAWCO Google Drive. Access to this folder will be limited to you, the applicant, a representative from the project, and the Selection Chair. A Google Form will be used to collect your application responses and Templates will be provided using Google Sheets (or Microsoft Excel) for completion. Requested documents must be uploaded to this folder. Further information is provided in the Instructions above and in the application.

**Q. What if I don't have all the information for the proposal right now?**

**A.** The deadline for Phase I is July 31 at midnight in your time zone. The deadline for projects that are included in Phase II is November 3 at midnight in your time zone. Answer each question as fully as you are able to in order to meet the deadlines.

**Q. Can we submit a video, image or audio file as part of the proposal?**

**A.** No, we will not consider this information in the evaluation process. The only exception is the organization's logo.

**Q. Can we insert links in the proposal, such as reference to research articles, etc., or to the social media pages of the organization?**

**A.** No. We ask for this and additional information only when we know which project has been selected.

**Q. How are projects selected?**

**A.** A Selection Committee will review each proposal and evaluate it based on the criteria outlined above in Guidelines & Selection Criteria. The strongest 3 proposals will be presented to Member Clubs for voting. Member Clubs may vote for one of the shortlisted proposals. The winning proposal will be announced at the Annual Meeting in March 2023.

**Q. Is there more than one phase in the application?**

**A.** Yes, this cycle we have moved to a two phase-process. The deadline for Phase I is July 31 at midnight in your time zone. The deadline for projects that are included in Phase II is November 3 at midnight in your time zone.

**Q. I've never completed an application like this before. Are there any tips you can offer?**

**A.** Sure, we found this handy and succinct guide online. It was published in February 2012 by Dr Jocalyn Clark, Senior Editor, PLoS Medicine Consultant for Grand Challenges Canada. [The Key Ingredients of a Good Grant Proposal](#), as well as [Top 10 Tips for Successful Grant Writing](#).
